Friday September 27, 2019

Dear Families,

Next week we will review all reading targets for Theme 1 so far, including writing a complete sentence, summarizing, Fantasy and Realism, making predictions and other reading skills.

In Topic 3 in Math we are working on subtraction strategies. Please begin practicing subtraction facts at home when you can. In second grade we hope that the students can be very fluent in their addition and subtraction facts.

Have a good weekend!

Mrs. Scott
